# A Special Tribute...

### **DOCTOR DON SLOCUM**

Doctor Don Slocum was truly a pioneer in promoting and sponsoring Senior Softball and baseball in the Essex and Morris County leagues. Regrettably, Don passed away on February 29, 2008. Don organized a softball and baseball team that played in New Jersey's first National Senior Olympic Games in Tucson, Arizona in 1997. Four New Jersey players won the gold medal in baseball when Don drove in Paul Oliver in the 10th inning, to win the game and the gold medal. The New Jersey Embers Senior Softball team, with Don as Manager, won four silver medals and two gold medals. He was responsible for providing sponsors that assisted with funds for uniforms and entrance fees. Don played Senior Softball with the Padres, on Tuesdays and Saturdays and he organized a baseball team that played on Thursdays. Don also organized and played in the National Senior Baseball tournaments in Ft. Myers, Florida, Orlando, Florida and Phoenix, Arizona.

Don Slocum lived a storied life and was a winner in every phase of life: character, sports, family man, armed forces, success as an inventor. He invented Corian, the quality countertop surface and many other products. The name Corian was selected by Don from his daughter's name, Corrie Ann. Don served in the Army as an engineer and retired from the Army as a Lieutenant Colonel and was honored by being buried in Arlington Cemetery with a 21 gun salute.

Having graduated cum laude from Davis and Elkins College in 1951, Dr. Slocum went on to earn a master's degree in physical bio-chemistry at the University of Vermont and a doctorate in professional studies from Pace University. Along his remarkable journey, he worked as a chemical engineer for giants of the industry: DuPont, Proctor & Gamble, Hoffman LaRoche Pharmaceuticals, International Paper and Curtis Wright Aerospace Technology. Don was a writer, a lecturer and teacher during his highly active career. A man turns towards genius due to his vision and what makes a man a genius is his ability to see the obvious...Don Slocum was truly one of those few geniuses, as well as being a man of tremendous humility. All who knew him miss him very much and many of us still keep Don in our thoughts and prayers.
