

**NORTH JERSEY SENIOR SOFTBALL CONFERENCE**

**FIELD GROUND RULES**

**BORO PARK #1 FIELD**

**1<sup>st</sup> Base Side**

**Out of Play:** From end of fence in front of bench on a diagonal line to light extension pole.

**Goal Post:** Ball to right of goal post that rolls into parking lot is an **automatic double**.

When nets **ARE NOT** in the goal posts and a batted ball enters or goes through the goal posts, play will continue and the ball remains in play.

When nets **ARE** in the goal posts and a batted ball enters the net, play will be stopped and the batter will be credited with a ground rule double.

If ball lands in parking lot, in the air, it is an **automatic home run**, as we do not want players chasing balls into the parking lot.

If ball hits any part of a goal post, the ball is in play and the runner can take as many bases as he can. The same holds true for any trees in fair territory.

**3<sup>rd</sup> Base Side:**

**Out of Play:** From end of fence in front of bench on a diagonal line to corner post fence in front of bushes.

**Goal Posts:** When nets **ARE NOT** in the goal posts and a batted ball enters or goes through the goal posts, play will continue and the ball remains in play.

When nets **ARE** in the goal posts and a batted ball enters the net, play will be stopped and the batter will be credited with a ground rule double.

If the ball bounces over the fence, it is a ground rule triple.

**BORO PARK #2 (FIELD NEAR TENNIS COURTS)**

**1<sup>st</sup> Base Side**

**Out of Play:** From end of fence in front of bench on a diagonal line to light extension pole.

**Goal Posts:** When nets **ARE NOT** in the goal posts and a batted ball enters or goes through the goal posts, play will continue and the ball remains in play.

When nets **ARE** in the goal posts and a batted ball enters the net, play will be stopped and the batter will be credited with a ground rule double.

**Trees:** If fair ball hits the tree limbs, ball is in play and it's all the runner can get. Not an out if ball is caught off tree (played like a ball off a wall).

**3<sup>rd</sup> Base Side**

**Out of Play:** From end of fence in front of bench on a diagonal line to light extension pole.

**Left Field:** Everything in play. If ball rolls into parking lot it is an automatic home run.

**MASAR FIELD IN MONTVILLE**

**Outfield:** If ball rolls under fence, it is a ground rule triple.

**LYNN PARK FIELD**

**Outfield:** If ball rolls into street, it is an automatic home run.
